

Bond Projects Update

CURRENT PROJECTS:

- The district is in the final stages of design for the district-wide security fencing project and will be going out for bid.
- The district's Technology Department is in the design and development stage for security cameras at the main campus.
- Bleachers for the Anza Trail Gymnasium have been ordered.
- Scoreboards for Anza Trail and Sopori Elementary are in the process of being researched and priced.
- Additional parking for Anza Trail is currently in the design stage.
- Main campus connection to Sahuarita Water Company is in the bidding stage.

COMPLETED PROJECTS:

K-3 Override:

- Twenty (20) K-3 teachers were hired to maintain smaller class sizes and add ongoing education enrichment programs.

Capital Outlay Override:

- A new computer lab at Sahuarita Intermediate School.
- The energy management system for the Sahuarita Intermediate School Gymnasium has been completed with the installation of the HVAC system.
- Playground equipment and shade structures have been installed throughout the district.
- Five new school busses have been purchased and received.
- Security cameras have been installed at Sopori Elementary School.
