

Welcome to Our Family!

We are now nationally accredited.

Welcome to our center. As part of the Sahuarita School District #30 we are happy that you have chosen us for your child's care and you can be confident that we will live up to your trust. During the school year the center offers programs for ages two through five. This year we also started an after school program for children 5-10. During the summer we also take children through age nine.

Much more than just child care, our program strives to provide a nurturing environment for your child's cognitive, social, emotional, and physical growth. Learning should be fun and children respected. We will be working with families to meet the unique needs of each individual child.

Teachers and staff will welcome the opportunity to meet with you to discuss your child's progress, growth and development. We invite you to share any concerns that you may have.

Exciting News! "On April 16, 2010 SUSD'S Early Childhood Program was awarded accreditation by the National Accreditation Commission for Early Care and Education Programs (NAC). As a NAC accredited center the ECC has been recognized as an early care and education program that exemplifies excellence in the care of young children. The ECC ensures a high quality program for children that are conducive to their individual growth and development, provides professional training opportunities for staff, and demonstrates that the center exceeds minimum state licensing requirements for childcare programs." – National Association of Child Care Professionals
